We bring together the people, agencies, resource providers, civic and social leaders to address the pressing issues of our service region. With their input **we create meaningful, long-term solutions.**

United Way cares.

Everyone deserves the opportunity to have a good life. Access to a quality education leads to a stable job that provides enough income to support a family and maintain good health. This is why United Way's work focuses on:

HEALTH – Access to health care promotes wellness for all ages.

EDUCATION – Quality education is essential to earning a living wage.

FINANCIAL STABILITY – Improving financial stability leads to increased independence.

United Way makes an impact that helps each of us. We are all connected and interdependent. We all benefit when a child succeeds in school; when families are financially stable; when people are healthy.
